

2023 CSA

We offer two kinds of Community Supported Agriculture (CSA) farm shares. Our Farmstand CSA is the most flexible option and allows you to purchase a share in late winter/early spring at a modest discount and then use the full value of the share throughout our season at your convenience. The Farmstand share may be used to purchase any items we grow or sell at our farm (i.e. plants, vegetables, berries, baked goods, wreaths), and is set up much like a store credit. The Farmstand share may be used anytime during the 2023 season. **We will be open every day from April 13th until November 1st and then our Thanksgiving Market will open from November 11th until November 26th. Please note: we will have wreaths and kissing balls for sale the week of Thanksgiving.**

We also offer a more traditional Produce CSA, either a **12-week share (June 15 until August 31)**, an **18-week share (June 15 until October 12)**, or a **9-week biweekly share, which will begin on June 22 and end on October 12, with pick-up every other Thursday. Pick-up for the Produce share will be on Thursdays, from 11 am until 6 pm at the farmstand.** The produce share will consist of an assortment of vegetables grown on our farm, harvested that morning, and will vary each week, depending upon what is in season. Strawberries, blueberries and/or raspberries will also be included when they are in season. The longer 18-week share will include more fall root vegetables and squash, items that we are normally just beginning to harvest when the 12-week share ends. The weekly value of the produce share will be approximately \$25.00. It is ideal for people who like a wide-variety of vegetables, enjoy what is locally in season, and who like to try new things. The produce share will be picked and packed by our farm crew; shareholders are responsible for picking up the delicious items each **Thursday from 11 am to 6 pm at our farmstand.** Delivery to area businesses can be arranged for a minimum of six shares, contact us for more info.

Farmstand Shares:

Farmstand Family Share: \$750 value

Purchase by 2/1/23 for a 8% savings: \$690

Purchase by 3/1/23 for a 6% savings: \$705

Multiple shares may be purchased. Please note: Credit card/debit card may be used, but will incur a 3% processing fee.

Purchasing a CSA share early helps us with our seeding and planting plans for the season. CSA shares help our farm with seasonal start-up costs such as labor, insurance, seed, greenhouse supplies, heating oil, etc. In return, CSA members receive a modest discount, the freshest and tastiest produce and locally grown plants. We believe vibrant farms are a benefit to the whole community and that locally grown foods are essential for a healthy and safe food supply.

Member Sign-up:

Type of CSA purchase: _____
